Routes:	While there are a number of routes (university based and school based) leading to qualification as a Post-Primary teacher in the UK, in order to be eligible to register with the Irish Teaching Council, it is important that the route you choose provides both an academic qualification, referred to as the Postgraduate/Professional Certificate in Education PGCE (England/Wales) and the Postgraduate Diploma in Education (Scotland) AND Qualified Teacher Status (QTS). For routes into teaching see http://www.education.gov.uk/get-into-teaching and http://teachinscotland.scot/
Returning to Ireland	Qualifications gained outside Ireland must be assessed by the Irish Teaching Council and must be similar to standard of qualification/amount of teaching practice hours completed by those completing teacher education in Ireland. From September 2014 there will be shortfalls in the comparison of qualifications obtained in the UK versus Irish teacher education qualifications. For further details see http://www.teachingcouncil.ie/en/Registration/Registration-with-Conditions/ and contact info@teachingcouncil.ie

Ireland – Recognition of EU Qualifications
EC Directive 89/48: recognised primary school teachers in any other member state may seek similar recognition in this state. **Applicants must be fully qualified in the jurisdiction in which they trained – in UK this means completing teacher education programme (PGCE) AND Induction Year.**
From 2014 - main shortfalls relate to number of credits taken. Those returning will also have to sit an Irish Exam (SCG).
