Life at Allianz Ireland

At Allianz Ireland we use our role as an employer, insurer, investor and corporate citizen to contribute to more inclusive and stronger societies. Our culture emphasises responsiveness, customer-centricity and collaboration. We operate an Inclusive Meritocracy where people and performance matter. We are constantly working on creating a collaborative workplace where you can engage in meaningful work in an open and supportive learning environment. We want to provide our employees with the option to actively get involved in shaping an inclusive culture.

As an employer, we believe in the power of diversity and inclusion, in mutual respect and support. We continue to put measure in place to ensure we remain an Equal Pay employer, this year and in the years to come. Our commitment to flexible working arrangements, including cross-border mobility and hybrid working, is a key part of life at Allianz.

“Taking the first steps to building your career after graduation is an incredible moment of both opportunity and excitement for the future. Here at Allianz Ireland, we know that the graduates of today will be the leaders of tomorrow, and so I’m delighted to announce the launch of our 2023 Graduate Program. My own career at Allianz started with the Graduate Program, back in 2004 at Allianz Australia. I knew nothing about the insurance business at the time, but through a fast-paced and supportive learning environment I got to experience so many facets of the business. I also made long-lasting friendships with the other graduates, many of who are still my colleagues today. As Graduate Ireland ‘Best Graduate Recruiter within the Insurance industry’ we are committed to providing opportunities that will empower you to build your career. I look forward to welcoming our first intake of graduates this September as we continue to help create a more sustainable and secure future for our customers.”

Our community

Women's Aid

One of the organisations we have partnered with to drive change in Ireland is Women's Aid, a leading national charity who have been working to stop domestic abuse against women and children in Ireland since 1974. Through our three year partnership, we are committed to investing over €1 million to help raise awareness of domestic abuse and the resources and services available for women across Ireland who are affected.

GAA Sponsorship

Allianz's brand purpose has always been to secure our customers' futures and give them the confidence to write their own story. Through our sponsorship of the GAA, we aim to support communities across the country and celebrate the passion of our customers in Gaelic Games. Last year, we celebrated 30 years of sponsoring the Allianz Football and Hurling Leagues, and this year became a sponsor of the All-Ireland Football Championship and the Camogie Association. Meanwhile, Allianz Cumann na mBunscol takes place annually and aims to promote the culture and ethos of Gaelic games within primary schools across the island of Ireland.

Sustainability

Our ambition is to support the global transition to a sustainable future together, in every way we can. We want to move from being a responsible company in our own right, to help shape what sustainability means across the financial services industry.

We focus on three core pillars for change:

Tackling
Climate
Change

Integrating
Environmental,
Social, and
Governance

Social
Impact
